## SUMMARY

---

A passionate Computer Science Engineering student with hands-on experience in full-stack and front-end development. Built AI-powered Chrome extensions, optimized web applications, and implemented scalable solutions. Proficient in modern web technologies, UI/UX, and debugging. Passionate about leveraging AI to build innovative solutions and continuously learning new technologies.

## SKILLS

---

- **Front-End Development:** React, JavaScript (ES6+), HTML, CSS, Bootstrap
- **Back-End Development:** Node.js, Express.js, MongoDB
- **Technical Expertise:** Debugging, Code Optimization, Performance Tuning
- **Project Management:** Coordinating projects and ensuring timely completion
- **Additional Skills:** Team Collaboration, Problem-Solving
- 

## EXPERIENCE

---

JOB OFFERS | Gurugram, Haryana

**Full Stack Developer** (*Contractual Role*)

01 August 2024 – 15 September 2024

- Developed and optimized dynamic user interfaces using **React.js** to enhance user experience.
- Managed and structured databases with **MongoDB** for efficient data storage and retrieval.
- Ensured **responsive design** and cross-browser compatibility for a seamless user experience.
- Wrote **reusable, scalable, and maintainable** code to improve development efficiency.
- Implemented **state management solutions** using Redux for better data handling.

## EDUCATION

---

**BACHELOR OF TECHNOLOGY – B-TECH: COMPUTER SCIENCE AND ENGINEERING**

Mahatma Basaveshwar Education Society's College of Engineering ,Ambajogai,Maharashtra.

**2021-2025**

## PROJECTS

---

**AI-powered extension for professional cover letters.**

- Developed a **Chrome extension** that generates personalized, high-quality cover letters.
- Designed a **React-based** interactive interface for a smooth user experience.
- Integrated the **Gemini API** to generate customized cover letters based on job descriptions.
- Fine-tuned **Gemini's language model** with custom datasets for improved text generation.
- Implemented **local storage** for saving user preferences and resumes securely.
- Enhanced **API response handling** for faster and more efficient letter generation.
- Added **multi-template support** to offer users various cover letter styles and tones.
- **Project Link:** [GitHub Repository](#)

## ACTIVITIES

---

- Participated in **Startup Mahakumbh**, networking with industry leaders and exploring business opportunities.
- Competed in **college-level hackathons, coding challenges, and tech fests**, honing problem-solving and teamwork skills.
- Engaged in **technical workshops and seminars** to stay updated with industry trends.
